Summary

I am a third-year B.Tech student specializing in Computer Science and Engineering (Data Science) at the Institute of Technical Education and Research (SOA University), Bhubaneswar. Passionate about leveraging data-driven approaches and computational techniques to solve real-world problems, I am actively enhancing my skills in data analysis and software development.

Education

B.Tech in Computer Science and Engineering (Data Science)

Institute of Technical Education and Research (SOA University), Bhubaneswar

CGPA: 8.3 (Currently pursuing)

Expected Graduation: 2026

12th Standard

Kendrapara Public School, Kendrapara

Percentage: 76.2% (2022)

10th Standard

Kendrapara Public School, Kendrapara

Percentage: 72.6% (2020)

Work Experience

Internship (7/2024 - 11/2024)

- Designed and customized Shopify webpages to meet client requirements, ensuring responsive and user-friendly interfaces at Hirang Elegancy Private Limited.
- Handled data entry tasks, maintaining accuracy and organization in managing product catalogs and customer data.
- Collaborated with team members to enhance e-commerce functionality and streamline website operations.

Technical Skills

- **Programming Languages:** C, C++, Java, Python
- **Web Development:** HTML, CSS, Bootstrap
- **Database Management:** SQL

Achievements

- Secured 4th position in HackerWar 5.0 organized at the Institute of Technical Education and Research (ITER).

Projects

Laptop Price Predictor

- Developed a machine learning model using Python to predict laptop prices based on specifications.
- Performed data analysis (EDA) and model optimization.

IPL Winning Predictor

- Created a predictive model using Python and EDA techniques to analyze historical IPL data and predict match outcomes.
